**May 26<sup>th</sup> to 28<sup>th</sup> 2010, Kruševac, Serbia**

**INSTITUTE FOR FORAGE  
CROPS**

**FORAGE CROPS SOCIETY OF  
SERBIA**

## INSTRUCTIONS FOR PRESENTATIONS AND POSTERS

### PRESENTATIONS

The presentation should be prepared on English language in Microsoft Power Point application (version 2007 or earlier). Presentations on USB memory devices or CD's should be submitted to organizers as early as possible after arrival to the Symposium venue, or at least one hour before particular session.

The duration of the oral presentations is limited to 20 minutes for invited papers and 10 minutes for offered papers, so the number of the slides should be chosen accordingly. After presentation 5 minute discussion is planned for every presentation.

### POSTERS

Posters will be mounted in venue hall on poster stands. Adhesive tape or drawing pins will be provided. The maximum poster size allowed is 80 cm (width) x 100 cm (height). The visual design of the poster is to be left to the author but posters should be interesting and informative. The text of posters should be on English, with font large enough so it can be readable from distance of 1 m. The poster should be visually appealing and easily comprehensible.

Poster sessions will be organized after all oral presentations for particular session in main Symposium auditorium. Moderators (chairpersons) will prepare brief overview of presented posters, discussion and possible questions for poster authors.
